0% Financing Payment Plans

How does it work?

SonicSpider offers 0% payment plans on select website development projects and maintenance plans.

If you are buying services online:

- The different types of payment plans available for any given services will be listed under “Payment Options”. Typically 3, 6 or 12 month payment plans can be offered.
- Select the one you would like and click the “Buy” button.
- You will make for first payment immediately online.
- SonicSpider will keep your credit card information to make the remainder for the payments. If you need to change credit cards in the middle of the payment plan you must call SonicSpider at 619.955.6380 x111 2pm- 6pm Pacific Time.
- SonicSpider will automatically charge your card on the 5th of the month until the payment plan is done.

If you have custom services:

- You will submit your credit card to SonicSpider to use in the payment plan.
- Your payment plan will be arranged according to what kind of services you are requesting.
- SonicSpider will charge your credit card immediately for the first payment. The remainder of the payments will be charged on the 5th of the month.
- SonicSpider reserves the right to determine the length of the payment plan depending on the service.

Payment Plan Terms of Service

- In order to qualify clients must host their website with SonicSpider and their domain and email must be moved to a sub-account at www.sonicspiderdomains.com (SonicSpider is a reseller for Enom.com).

- You will make your first payment immediately online when you “purchase” the services you need. Simply select which payment plan you want, if more than one is offered. SonicSpider will then retain your credit card you used to make the first payment to make the remainder of the payments.
- SonicSpider will automatically charge your credit card on the 5th of each month until the payment plan is complete.
- After your payment plan is complete SonicSpider will no longer keep your credit card on file.
- Any additional requested services are paid separately from the original payment plan and the services it is covering.
- All hosting, domain name and email set up and support are billed separately from any payment plans.
- There will be a \$25 administration fee for any declined credit cards, and late fees of \$15 per month may also apply.
- If a payment is missed due to a declined credit card, once a new credit card number is given to SonicSpider, we will charge the missed payment(s) and the current payments to the credit card.
